

The Trowel of Excellence

The Trowel of Excellence is recognition that a Tile (stone) installation member company performs the highest level of quality installations and is committed to the betterment of the Tile Industry. It was established by the Board of Directors of TCAA in 2006 to afford contractors an ongoing opportunity to demonstrate in a tangible way that they are the most professional, reliable and technically proficient installation companies in the industry. Contractors who receive the Trowel of Excellence certification must meet specific criteria as approved by the Board of Directors.
